

Peninsula Woodworkers Club

NEWSLETTER DECEMBER 2014
Editor – Gary Haubold

WE WILL BE HAVING A MEETING at 7:00 pm on Thursday, December 6, 2014. Our meeting place will be at our regular meeting place at Hillcrest Baptist Church on Black Diamond Road, just south of the bridge which crosses Highway 101. Check the complete directions below at the end of this newsletter.

*****MEETING AGENDA*****

*WELCOME AND INTRODUCTIONS *

*CLUB BUSINESS *

*SHOW AND TELL *

*ROUND TABLE – YOUR FAVORITE FINISH - Continued *

We had a pretty good meeting in November with twelve members and guests present.

SHOW AND TELL

We had a lot of show and tell items so we moved quickly into them.

Ron Humphrey Showed us the following items:

1. A lid whammer
2. A spacer block set
3. Clamp pads

Rachael Boyd built a nice table of fir reclaimed from an old house and used an old plane for surfacing the piece in order to get a slightly rustic look. Then she showed us an old molding plane which she searched for, a long time on E-Bay. The profile was shown in an old book.

Jonathan White built a table saw jig and also showed us two jigs for the table saw miter slots which could carry a dial indicator. One jig was commercially made and the other was shop made.

Dick Boyd's favorite finish hasn't been made for ten years for environmental reasons is called Wood Lore and carried a substance which made it self-rubbing. He also likes Water Lox Sealer/Finish

Chuck Robertson made a practice piece on his scroll saw.

And I recently found two magazines on wood finishing. Each has slightly different coverages of wood finishing and some topics with the same coverages. Jon Cash tells me that though no longer available at the bookstore they are available through the publisher's websites.

ROUNDTABLE – continued from last month

Last month President Jon led the roundtable about wood finishing. We decided to continue the topic this meeting. One of the things which contributes to the appearance of the finish is the wood surface itself. To illustrate this he took one board and cut it into four pieces and then finished the surface of each. He used a scraper blade only on one, 120 grit on the next, then 150 grit on the next and 220 on the last. Then he varnished them. He said that only one person could identify the grits correctly. Member preferences for finishes Tung Oil, Rudd, a high end catalyzed vinyl, Watco Danish oil, Seal a Cell Old Masters finish.

We would like for the members to bring their better halves to the meeting on Thursday and because it is the holiday season bring a goody that can be shared with someone else.

What would you like to learn about? Do you know of a speaker we could bring in? Pick up a magazine or surf the net for a topic, and then TELL the board of directors. In the little time I've cruised the net I've found some very interesting things. Let us know what you're interested in and we'll do whatever we can to make a program of it.

We (the Board of Directors) really are very concerned about our club and how to improve it. When I first joined the club it wasn't unusual to have an attendance of twenty-five and some pretty great meetings. We are working toward that end.

Annual dues are \$20.00. As a club we cannot survive if dues are not paid. That is a bargain compared to other organizations to which I belong. If you enjoy reading this newsletter, Great, because I sure enjoy doing it. Your dues pay for the postage and for guest speakers, and we've had some really great ones. I cannot really figure ink and paper costs because my printer is used for everything at home. That's a small contribution for the satisfaction I get from doing the newsletter. So you can see how important the dues are.

CLUB LIBRARY – The club has a nice library which is ordinarily open to members during regular meeting hours, which has an extensive collection of woodworking books, magazines, carving patterns and videos. We are always on the lookout for additional resources. We have some pretty neat things there.

MEETING AND CONTACT INFORMATION – Unless otherwise notified, regular club meetings are held in the downstairs fellowship hall at Hillcrest Baptist Church on Black Diamond Road which is just south of West Highway 101, about halfway between Albertson's Market and the Fairmount Restaurant. Turn north up the hill at the Pine Street intersection which is just down the hill from the bridge which crosses over Highway 101. Proceed up the Pine Street exit to the four way stop sign and turn left. Cross the bridge. You can now see your destination ahead on the left. The club meeting is held the first Thursday of the month 7:00 pm.

The Board of Directors meets at the church office at 2:00 pm the Tuesday following our monthly meeting.

CLUB MEETING

7:00 pm., Thursday, December 4, 2014

7:00 pm., Thursday January 8, 2-015

BOARD OF DIRECTORS MEETING

Thursday January 1, 2015 is a holiday.
