

Peninsula Woodworkers Club

NEWSLETTER JUNE 2014
Editor – Gary Haubold

WE WILL BE HAVING A MEETING at 7:00 pm on Thursday, June 5, 2014. Our meeting place will be at our regular meeting place at Hillcrest Baptist Church on Black Diamond Road, just south of the bridge which crosses Highway 101. Check the complete directions below at the end of this newsletter.

SPECIAL MEETING NOTICE – In July and August 2014 the woodworkers club will be on hiatus. There will be no club meetings for those months and our next meeting will be in September.

***** JULY MEETING AGENDA *****

*WELCOME and INTRODUCTIONS *

*CLUB BUSINESS *

*SHOW AND TELL *

*ROUND TABLE Sharpening II – Bevels and Beyond *

We had a lively meeting with thirteen people present.

We have a new development for our club. Bert Keldgord is getting an internet website developed for the club. This should be good for all of us with a lot of different services offered. I've had very limited experience with building a couple of web sites and it can be a very daunting task and requires a lot of thought to develop it properly. As soon as I am able I will be providing Bert some meeting photos.

Jonathan White is building a heavy work bench with two tail vises and two face vises. Eight feet by thirty-two inches. Wow!

Bruce Thompson's wife is doing stained glass work now and he is busy building for that. Shirley and I tried it in a prior lifetime and really enjoyed it. There can be some fairly specific requirements necessary.

Avon Miller built a jig- a miter sled which will cut two or four pieces for picture frames. In order to be cut properly they have to be held well while being cut or the pieces will be prone to drift.

ROUND TABLE SHARPENING One thing which can ruin a blade for sure is heat buildup which takes out the temper.

Use slow speeds and coolant when machine sharpening.

Jon Cash suggests a belt sander with 220grit and holding the blade at 30 degree. On the back side use cutting compound on a buffing wheel to take off the burr.

Ron Costman gets the back completely flat with a mirror finish and then does the other side to get a micro edge.

Everybody has a favorite way of sharpening and every project and tool has specific requirements.

What would you like to learn about? Do you know of a speaker we could bring in? Pick up a magazine or surf the net for a topic, and then TELL the board of directors. In the little time I've cruised the net I've found some very interesting things. Let us know what you're interested in and we'll do whatever we can to make a program of it.

We (the Board of Directors) really are very concerned about our club and how to improve it. When I first joined the club it wasn't unusual to have an attendance of twenty-five and some pretty great meetings. We are working toward that end.

Annual dues are \$20.00. As a club we cannot survive if dues are not paid. That is a bargain compared to other organizations to which I belong. If you enjoy reading this newsletter, Great, because I sure enjoy doing it. Your dues pay for the postage and for guest speakers, and we've had some really great ones. I cannot really figure ink and paper costs because my printer is used for everything at home. That's a small contribution for the satisfaction I get from doing the newsletter. So you can see how important the dues are.

CLUB LIBRARY – The club has a nice library which is ordinarily open to members during regular meeting hours, which has an extensive collection of woodworking books, magazines, carving patterns and videos. We are always on the lookout for additional resources. We have some pretty neat things there.

MEETING AND CONTACT INFORMATION – Unless otherwise notified, regular club meetings are held in the downstairs fellowship hall at Hillcrest Baptist Church on Black Diamond Road which is just south of West Highway 101, about halfway between Albertson's Market and the Fairmount Restaurant. Turn north up the hill at the Pine Street intersection which is just down the hill from the bridge which crosses over Highway 101. Proceed up the Pine Street exit to the four way stop sign and turn left. Cross the bridge. You can now see your destination ahead on the left. The club meeting is held the first Thursday of the month 7:00 pm.

The Board of Directors meets at the church office at 2:00 pm the Tuesday following our monthly meeting.

CLUB MEETING

7:00 pm., Thursday, June 5, 2014

7:00 pm., Thursday, September 4, 2014

BOARD OF DIRECTORS MEETING

TBD

President – Jon Cash

VP – Mike Kurhajetz

Past President -

Avon Miller

Bruce Thompson

Newsletter Editor – Gary Haubold
