We had a good meeting with fifteen people present. For those who were not present, this was a good meeting.

Rachael Boyd won the attendance prize, a twenty-five dollar gift certificate from Woodcraft.

The tapes and DVD's are in the library. We had a discussion about the interchangeability between the two formats on various DVD-VHS recorders.

Ron Humphrey built a vacuum box and showed it to us.

David Crawley made a really nice jewelry box using poplar with mahogany accents. He stated he really enjoys woodworking as this box shows. I was especially impressed at how he did the corners and trim strip.

Jon Cash showed us a half scale chest and a drill motor which never has dead batteries.

I especially like the figure in the maple that he used. It is very distinctive.

He said this thing even works underwater. Can you imagine that?

What would you like to learn about? Do you know of a speaker we could bring in? Pick up a magazine or surf the net for a topic, and then TELL the board of directors. In the little time I've cruised the net I've found some very interesting things. Let us know what you're interested in and we'll do whatever we can to make a program of it.

We (the Board of Directors) really are very concerned about our club and how to improve it. When I first joined the club it wasn't unusual to have an attendance of twenty-five and some pretty great meetings. We are working toward that end.

Annual dues are \$20.00. As a club we cannot survive if dues are not paid. That is a bargain compared to other organizations to which I belong. If you enjoy reading this newsletter, Great, because I sure enjoy doing it. Your dues pay for the postage and for guest speakers, and we've had some really great ones. I cannot really figure ink and paper costs because my printer is used for everything at home. That's a small contribution for the satisfaction I get from doing the newsletter. So you can see how important the dues are.

CLUB LIBRARY – The club has a nice library which is ordinarily open to members during regular meeting hours, which has an extensive collection of woodworking books, magazines, carving patterns and videos. We are always on the lookout for additional resources. We have some pretty neat things there.

MEETING AND CONTACT INFORMATION – Unless otherwise notified, regular club meetings are held in the downstairs fellowship hall at Hillcrest Baptist Church on Black Diamond Road which is just south of West Highway 101, about halfway between Albertson's Market and the Fairmount Restaurant. Turn north up the hill at the Pine Street intersection which is just down the hill from the bridge which crosses over Highway 101. Proceed up the Pine Street exit to the four way stop sign and turn left. Cross the bridge. You can now see your destination ahead on the left. The club meeting is held the first Thursday of the month 7:00 pm.

The Board of Directors meets at the church office at 2:00 pm the Tuesday following our monthly meeting.
